

	Version 1			Version 2			Version 3						
Features Listed in proposal	Original Plan	Status	Delivered on	Original Plan	Status	Delivered on	Original Plan	Status	Delivered on	Comments			
1. GUI													
1.1 Initial UI Design/Navigation	X	Complete	21-10-2017							On Schedule			
1.2 Login page	X	Complete	21-10-2017							On Schedule			
1.3 Account creation page	X	Complete	21-10-2017							On Schedule			
1.4 Gameplay Page	X	Complete	21-10-2017							On Schedule			
1.5 Question Images for gameplay	X	Complete	21-10-2017							On Schedule			
1.6 Add user created question page				X	Complete	11-11-2017				On Schedule			
1.7 User question manager page				X	Complete	12-11-2017				On Schedule			
1.8 Question Bank gameplay page				X	Complete	13-11-2017				On Schedule			
1.9 Assest Development (Logo, pictures, stickers)				X	Complete	10-11-2017				On Schedule			
1.10 UI improvment + animation							X	Inprogress		On Schedule			
2. User Authentication													
2.1 Basic user email Authentication	X	Complete	27-10-2017							On Schedule			
2.2 User credential creation	X	Complete	27-10-2017							On Schedule			
2.2 Authentication linkage with database	X	Complete	27-10-2017							On Schedule			
2.3 User account removal							X	Inprogress		On Schedule			
2.4 User credential edit option							X	Inprogress		On Schedule			
3. Database Integration - Firebase SDK													
3.1 Store user info to database	X	Complete	27-10-2017							On Schedule			
3.2 Load user info from database	X	Complete	27-10-2017							On Schedule			
3.3 Store gameplay progress to database	X	Complete	28-10-2017							On Schedule			
3.4 Load gameplay progress from database	X	Complete	28-10-2018							On Schedule			
3.5 Store user made question to database (Image stroage)				X	Complete	12-11-2017				On Schedule			
3.6 Load user made question from database (Image stroage retrieval)				X	Complete	13-11-2017				On Schedule			
3.7 Load global questions from all user				Unplanned	Complete	16-11-2017				Suggestion by prof (unplanned), Complete			
4. Gameplay													
4.1 Core gameplay design	X	Complete	29-10-2018							On Schedule			
4.2 Question Bank gameplay				X	Complete	13-11-2017				On Schedule			
4.3 Emotion SDK gameplay (MAJOR FEATURE)							X	Inprogress		On Schedule			
4.4 Global shared playlist gameplay (User created questions)				Unplanned	Complete	16-11-2017				Suggestion by prof (unplanned), Complete			
5. Data Model													
5.1 User model implementation	X	Complete	27-10-2017							On Schedule			
5.2 User progress model implementation	X	Complete	27-10-2017							On Schedule			
5.3 Question model implementation	X	Complete	27-10-2017							On Schedule			
5.1 User model unit test	X	Complete	03-11-2017							On Schedule			
5.2 User progress model unit test	X	Complete	03-11-2017							On Schedule			
5.3 Question model unit testing	X	Complete	03-11-2017							On Schedule			
5.4 Version 2 Model improvement (Additonal members/functions)				X	Complete	10-11-2017				On Schedule			
5.5 Version 3 Model improvement (Additonal members/functions)							X	Inprogress		On Schedule			
6. Custom Question Maker													
6.1 User generated prompts and emotion selection				X	Complete	12-11-2017				On Schedule			
6.2 Camera integration (upload image to questionmaker)				X	Complete	12-11-2017				On Schedule			
6.3 Photo Gallery integration (upload image to questionmaker)				X	Complete	12-11-2017				On Schedule			
6.4 Question Bank create questions				X	Complete	16-11-2017				On Schedule			
6.5 Question Bank edit questions (Detele Complete)				X	Complete	16-11-2017				On Schedule			
6.5 Question Bank Sharing (Global Playlist)				X	Complete	16-11-2017				Suggestion by prof (unplanned), Complete			
7. Tutorial													
7.1 Version 1 Gamplay tutorial	X	Complete	03-11-2017							On Schedule			
7.2 Version 2 custom questions tutorial				X	Complete	17-11-2017				On Schedule			
7.3 Version 3 Affectiva SDK questions tutorial							X	Inprogress		On Schedule			
8. Addional Unplanned Features													
8.1 Text to speech (Narrator)							Unplanned	Inprogress		Will implement if extra time is available (Must be scrapped)			
8.2 Global statistic analyzer (Web portal)							Unplanned	Inprogress		Will implement if extra time is available			
8.3 Local static analyzer							X	Inprogress		On Schedule			
TODO for V3
